

# ***Elisa Bonetti, PhD***

## **Personal Data**

Name: Elisa Bonetti  
Date and place of birth: 16/04/1979, Valenza (AL), Italy  
Citizenship: Italian  
Work address: Center for the Study of Myelofibrosis,  
IRCCS Policlinico San Matteo  
Foundation, Viale Golgi 19, 27100,  
Pavia, Italy  
Phone: (+39) 0382 503637  
Fax: (+39) 0382 503917  
E-mail: e.bonetti@smatteo.pv.it

## **Education**

- October 2014: Research Doctorate in Biomedical Sciences, curriculum in General Physiology, University of Pavia, Italy.
- October 2010: Master Degree in Medical and Pharmaceutical Biotechnology, University of Pavia, Italy.
- October 2004: Bachelor Degree in Biomedical Laboratory Techniques, University of Pavia, Italy.

## **Current position**

- From November 2014 to date: postdoctoral researcher at Center for the study of Myelofibrosis Policlinico San Matteo Foundation, Pavia, Italy.
- From January 2005 to October 2014: researcher and PhD student at Center for the study of Myelofibrosis Policlinico San Matteo Foundation, Pavia, Italy.
- From January 2012 to December 2013: doctorate training c/o Dr Damiano Rondelli's Lab, Section of Hematology/Oncology, University of Illinois Hospital & Health Sciences System, Chicago, IL, USA.

## **Scientific activity**

My technical expertise includes the main cellular biology procedures and cell cultures techniques, with particular regard to hematopoietic and endothelial progenitor/stem cell isolation and characterization, and in vitro differentiation cultures.

In-vivo model to study the rejection of human CD34 cells by incompatible human T cells.

Author of 24 full peer-reviewed papers.
